I also didn't disable UAC Similar help and support threads Thread Forum Hi, All of a sudden the Windows Driver Foundation - User-mode Driver Framework service is set to Manual in Services.. Hi there and welcome to Tom's Hardware, HP does not list component drivers for Vista or Win-7 for your model, Here is the HP link for your Compaq NX9010 for review: Might download and run the Win-7 Upgrade Compatability Advisor to see if your laptop will work satisfactorily with Win-7 Here is the link: If there are just minor incompatibilities like not working with Aero, you can live with that, but if there are no updated compaq drivers for the graphics card, modem, etc.. I clean installed Windows 7 a few weeks ago and my system is clean (as far as clean goes) as in only 15 programs installed (of which 5 x NVIDIA).
